The volunteers receive monthly ticket for the city bus service. We ask the volunteers to charge their card in the beginning of every month. Moreover, they receive the special card – Vortailscard for the trains, which reduces the price of the train tickets up to 50% in Austria and 15% for the travels around Europe. This card is valid for the whole year. Each volunteer has also a bike at his/her disposal all year around.

RESIDENCE IN AUSTRIA

Each volunteer has to apply for a temporary residence in Austria within the first week after his/her arrival. For this registration, you will need a document signed by the property owner of your new residence and a personal document. Within three months of staying in Austria, further permission needs to be settled: Anmeldebescheinigung. To obtain this document, you will need some other documents and proofs about your voluntary service in Austria. At the first registration, you will receive a list of documents needed in order to be eligible to receive the document. Few days before the departure, you should deregister your temporary residence at the same city registration office as at the beginning of your voluntary service.

INSURANCE

The volunteers are insured through the CIGNA-insurance. The insurance is valid from the beginning of the activity period and up to two months after its completion. Based on the home and hosting country of the participant, Cigna determines whether the insurance plan will provide primary or complementary medical coverage. If your primary medical coverage remains in your country, you are entitled to a European Health Insurance Card (EHIC). In this case, you are required to make use of your EHIC when visiting a medical provider. The European Solidarity Corps' insurance plan will only cover the remaining eligible expenses not covered by the EHIC.

TRAININGS

Each volunteer has to attend the preparation meeting offered by the local national organisation and/or sending organisation. During the activity period, the volunteers attend On-Arrival training and Mid-Term meeting organised by the Austrian national agency. During the activity period, we offer to each volunteer either private lessons or German courses, which is part of the working time.
